EMMITSBURG STARTS MOVE TO RETAIN H.S.

One hundred and fifty Emmitsburg residents Thursday evening voted to continue the fight to maintain their public high school with the first move on the list apparently being a conference with Governor Lane, of Maryland, to see what can be done about changing school administrators.

At least such a move was indicated when Dr. Carson P. Frailey, president of the alumni association, who presided at the meeting, appointed Samuel C. Hays, chairman of a standing committee to continue the battle to retain the school.

Hays' appointment came shortly after he had stirred the crowd to loud applause by stating "as I see it our next move is to see the governor and change the administration of our schools."

To Select Committee

Hays then made his statement into the form of a motion. Chairman Frailey asked if he wanted to change that motion to read "the formation of a standing committee to take what steps are necessary to maintain our high school and better our educational system." Hays agreed and the group voted that Frailey appoint a chairman for the committee, with the chairman to name a co-chairman and to consult with the heads of the various organizations and groups in Emmitsburg, the Grange, Lions, alumni association and the like, in setting up a committee to be made up of representatives from the various organizations.

During the course of the meeting the Emmitsburgians were told by Jacob Ramsburg, a member of the Maryland House of Delegates from Frederick county that "your best (Please turn to Page 6)

Snyder, head of the agriculture department of Biglerville high school, and three of his students, Ralph Culp, Donald Heckenluber and Charles Schoffstall, attended an auction sale of the Pennsylvania Chicken of Tomorrow contest entries which was held at the Producers Cooperative exchange in Coatesville, Thursday. The contest was sponsored by the Pennsylvania State Poultry Federation.

With 67 entries in the Junior contest the Indian river breed of broilers took 4 out of 5 prizes. The broilers which took the first prize were 13 weeks old and weighed an average of almost 6 pounds. These broilers brought \$5.50 a pound in the auction sale.

Third Case Of Polio Reported

Shirley Chronister, six year old daughter of Mr. and Mrs. Elvin Chronister, Lumber street, Littlestown, was scheduled for removal to the contagious disease section of the Harrisburg hospital today.

The child was said by Dr. L. L. Potter, her physician, to be stricken by infantile paralysis. The youngster, who is to be a second grade student in the Littlestown public schools this fall, is the third Adams county youngster to come down with the disease this summer.

The child became ill Wednesday evening, but did not appear ill enough to require the attention of a doctor. Thursday when there were no signs of recovery, Doctor Potter was called and discovered the nature of her illness.

CONCERT RAINED OUT; TO PLAY AT ARENDTSTVILLE

With the baton of Director Charles Rogers about to be raised to begin the scheduled concert of the Blue and Gray band, the sudden downpour of rain caused the local bandmen and their audience to scurry to cover on center square Thursday night.

After the first sudden assault by the much-needed rain, efforts were again directed toward staging the concert, with damp musical scores, wet chairs and sodden drum heads. On the second endeavor, the band actually succeeded in playing the first half of "National Emblem March" when the rains came and the musical organization once again sought shelter under the nearby awnings and doorways of business establishments in the northeast corner of the square.

With portable lighting fixtures, music stands and other equipment of the band being packed up for return to the band's storage room in the fire engine house, officials explained that the band will not be discouraged by Thursday night's weather caprices and will probably attempt to present another concert before summer is over.

It is believed that only negligible damage was inflicted upon music, lighting equipment, drums, stands and other equipment. Full extent of the damage, however, will not be known until the equipment is allowed to dry for a while.

Director Charles Rogers announced today that the band is scheduled to play at Arrendtsville park Saturday evening for the annual Arrendtsville fire company affair. Members of the band are asked to appear at the fire engine house at 7 p. m. so that transportation may be provided to the park.

Full uniforms will be worn for the Saturday night engagement, Mr. Rogers said, but as in the case of other summer concerts, the coats will probably be dispensed with while the band is playing.

Those planning to take the swimming courses, the only ones offered for adults—persons 16 years of age or above—should call the Red Cross office here, phone 132, between now and Tuesday morning or be present at the pool Tuesday morning at 9 o'clock.

Monday, July 26, the swimming classes which were postponed on July 4 on account of the holiday will be held, the Red Cross said. Certificates will be awarded those who passed tests to qualify and plans will be outlined for a water ballet to be held later.

The life guards and aides hired by the Red Cross to give the instruction during this summer's classes will present a water safety demonstration in Crouse's pool, Littlestown, Thursday evening at 7 o'clock for the Adams County Senior Extension club.

RESERVATIONS FOR DIRECTORS' PICNIC SOUGHT

Letters went out today from the office of the county superintendent of schools to school directors throughout Adams county, requesting that reservations for the annual school directors' picnic be in the county office not later than Monday.

The picnic will be held Thursday, July 29, at the South Mountain Fair grounds near Arrendtsville, beginning at 10:30 o'clock in the morning.

"We must report to the cafeteria group on the number of dinners to be provided," Superintendent J. Floyd Slaybaugh said today. "Unless we can report, the group will not know how much food to prepare."

Officials To Speak

Postal cards were enclosed with the letters to the school directors, which each one was requested to fill out and return.

Dinner tickets for children 12 years of age or less will be 75 cents and adult tickets will be \$1.25. School directors can bring their wives and children to the picnic for less money than they will be reimbursed for attendance, Slaybaugh said.

Four department heads from the state department of public instruction are scheduled to give 10-minute talks at the picnic.

Here And There News Collected At Random

A display of First Day Covers for commemorative stamps issued during recent years is now on display in the business office of The Gettysburg Times.

The purpose of the display is to show how commemorative stamps receive special attention. Attractive envelopes with unique designs for each stamp, made from steel engravings, symbolize the sale of each commemorative stamp on the first day of issuance. Thousands of stamp collectors make a hobby of securing at least one of each First Day cover.

A First Day Cover on the forthcoming postage stamp to commemorate the 85th Anniversary of Lincoln's Gettysburg Address will be available about September 1. This will also be displayed in The Times office window as soon as it is received. The Lincoln stamp will go on sale in the local post office November 19 and in other post offices the next day.

The current display is from the collection of Frank N. Britcher, East Stevens street, one of the proprietors of Britcher and Bender drug store.

In officially announcing the issuance of a special series of postage stamps commemorating the 85th anniversary of Lincoln's Gettysburg Address, to be placed on sale at the Gettysburg post office on November 19, the date on which Lincoln delivered the address at the dedication of the National cemetery in 1863, the Post Office department, Washington, D. C., today made public a list of other commemorative stamps to be issued this year.

Pick Congressional Candidate Next Week

Executive committees of the Democratic party organizations in the three counties comprising the 21st Congressional district, will meet here next week to select the party's candidate for the House of Representatives.

George M. Leader, chairman of the York County Democratic committee, said Thursday that he was expecting a call momentarily from Col. Philip Mathews, state Democratic chairman, concerning the day of the meeting.

Selection of the candidate is required due to the withdrawal of Guy A. Leader as the Democratic nominee from York, Adams and Franklin counties. The State Democratic executive committee will meet early next month to act on the district committees' recommendation.

7 CONCESSIONS ARE "CLOSED"

Seven "concessions" operated in conjunction with the Jack J. Perry shows, which opened a week's engagement on West High street Monday night, were "closed" by Chief of Police Robert C. Harpster Thursday night, the chief reported today.

Harpster said that the concessions were ordered to cease business on the ground that they were operating gambling devices or games.

Numerous complaints have been made to local and county authorities, many from persons who reported they had lost money on the alleged gambling games.

The appearance of the Jack J. Perry shows for the week here was advertised as under the sponsorship of the Gettysburg Baseball club. Chief Harpster is coach of the team, according to the announcement.

Seek Ex-Army Pilot Who 'Bombed' UN Headquarters

By GEORGE W. CORNELL
Lake Success, N. Y., July 23 (AP)—An ex-army flier, worried about a new war, was sought today as the pilot who dived at United Nations headquarters and dropped a missile which exploded harmlessly nearby.

The U.N. trusteeship council was in session when the missile, believed by police to be a home-made bomb, went off yesterday near the ground about 400 feet from the entrance of the central U.N. building.

The blast was heard a mile away. Delegates and staff members were thrown into a state of excitement. Scores of them rushed to the windows of U.N. chambers. Others poured outside as a small yellow-and-orange plane banked and flew away.

Police said one panicky U.N. staff member telephoned and cried: "We're being bombed."

A plane answering the description of the one from which the missile was dropped landed a short time

Taxi Crashes With 3-year-old At Wheel

A taxicab owned by the Little Taxi service struck another automobile in Center square Thursday afternoon, after the three-year-old daughter of the driver, Paul Lupp, Biglerville, had put the car into reverse.

Lupp had backed out of the taxi stand and gotten out of the car, with his daughter in the front seat, leaving the engine running. The child took hold of the gear shift lever and threw it into reverse. The car circled and struck the other automobile. Both car and taxi were damaged. The child was not hurt.

Lupp attempted to stop the taxi, and fell, the cab almost passing over him. Police said no report was made of the accident.

WARN PARENTS ON CHILDREN DRIVING CARS

State police of the Gettysburg sub-station and the Adams county court joined today in sounding a warning to parents and juveniles against the operation of motor vehicles and motor bikes by juveniles without licenses.

Cpl. Jack Bartlett, in charge of the state police sub-station here, said that both the court and the state police were concerned over the "considerable" number of juveniles who have been arrested recently without driver's licenses.

Seek Parents' Aid

"Because of an established policy that no publicity be given to juvenile cases brought into court here, we believe that the public is not aware, as it should be, of these large numbers of juvenile arrests," Cpl. Bartlett said.

"Any person apprehended without a driver's license will be dealt with in juvenile court, if he or she is under 18 years of age," the corporal said.

Bartlett said parents should take warning and not allow their children to operate automobiles, unless they are 16 years of age or over, and have licenses. Special permits are necessary for the operator of motor bikes, also, he said.

JAIL BEAMER FOR TEN DAYS

Berman Beamer, Gettysburg, one of six men charged with shooting off firecrackers in the borough on the night of July 3, went to jail this morning to begin serving a sentence of 10 days, in default of a fine of \$5 and costs, imposed by Justice of the Peace John H. Basehore.

Squire Basehore said Thursday that two of the others charged had paid fines of \$5 and costs each, two had promised to pay on Saturday, another had left town and that Beamer had ignored a 10-day notice to appear.

Borough Police Thursday night obtained a warrant and arrested Beamer. He was placed in jail and given a hearing before Squire Basehore this morning. He offered no defense and was found guilty of a violation of the borough ordinance.

Police said that the six men, in an automobile operated by Frank Bretzman, Bendersville, were riding around the streets and throwing lighted firecrackers from the car.

John H. Knickerbocker, Gettysburg college librarian, also was in attendance at the institute.

Leighton C. Taylor Named Chairman Of Adams County Sesqui-Centennial Group

With the unanimous election of Attorney Leighton C. Taylor, Bendersville, as chairman of Adams County's Sesqui-Centennial Committee Thursday evening, plans for the observance in 1950 of the 150th anniversary of the founding of the county were launched formally.

Meeting with Judge W. C. Sheely and the Adams county commissioners, an enthusiastic executive committee for the sesqui-centennial celebration set out to plan "a landmark in the county's history."

A planning committee including Dr. Robert Fortenbaugh, of Gettysburg, Rev. Fr. Louis J. Yeager, of Buchanan Valley, and Rev. John C. Brumbach, of Littlestown was named to prepare recommendations for executive committee action when the committee meets again on August 26.

Chairman Taylor and Judge Sheely will meet with the planning group.

Sheely Urges Program

Judge Sheely called the meeting to order and outlined briefly the background of the move to observe the anniversary in 1950. He said the Adams County Historical Society had suggested to the county commissioners that such a celebration should be planned and the general committee was chosen by the commissioners with special care to secure representation of all geographical sections of the county.

"At the 100th anniversary in 1900 everybody let the occasion pass without public celebration and the only notice taken was in a centennial edition of The Gettysburg Compiler," Judge Sheely said.

"It would be a shame to allow the 150th anniversary to pass unobserved. Our celebration ought to be big. It ought to be dignified, historical and something we could look back upon and be proud of as a landmark in the county's history."

Recognize January Date

Pointing out that the actual anniversary date falls in January, 1950, he suggested that notice might be taken of that day with the general celebration or series of celebrations to be staged later in the year.

Mr. Taylor's selection as committee chairman followed. His name was placed in nomination first and then Mr. Taylor proposed Judge Sheely. The judge declined with the explanation that he felt the chairman should come from the county committee. Mr. Taylor was elected by acclamation.

Calling for a celebration that is "in keeping with the great resources, the splendid talents of our people and our rich history in the development of everything that goes into the making of our American way of life," Mr. Taylor asked committee members for their suggestions on anniversary celebration plans.

Asks County History

First mentioned by Dr. Henry Stewart of Gettysburg, the compiling of "a satisfactory history of Adams county" was urged by many as one of the projects that should be made a part of the anniversary planning.

Others suggested an historical pageant to depict the background and early days of the county along with the development of its industry, agriculture, education, churches and other institutions.

An apple blossom festival to portray the history of Adams county's great fruit industry was urged.

An historic parade or series of parades; a program to emphasize county history in the schools and a photographic history of the county that would include not only old photographs of importance but new pictures of historic sites throughout the area.

Plan Sub-Committees

Many of the committee members urged the importance of wide representation of all county interests in the general committee that will work on the anniversary preparations.

Chairman Taylor approved the suggestion that numerous subcommittees be appointed to deal with particular phases of the sesqui-centennial plans with those committees to be selected at later meetings.

Expansion of the executive committee was deferred until a later session when more definite plans have taken shape. Dr. Robert Fortenbaugh was suggested to the chairman for the chairmanship of the committee on the writing of the county history.

One member called for a show of hands by executive committee members to learn how many had ancestors in Adams county in 1800. More than half of the 17 persons present indicated their families had been in the county for a century and a half or more.

Offer Financial Aid

The county commissioners were in attendance and spoke briefly. They indicated that the county "will do its part" in helping to finance the celebration but could not make commitments until plans had advanced farther. The commissioners are: Clark Fetters, B. E. Benner and G. Ed. Taughnbaugh. Their clerk, Clarence C. Smith, also spoke briefly and promised his help with the (Please turn to Page Two)

DONALD MILLER HURT IN YORK

Two young men, one a resident of Gettysburg, were injured in a truck-automobile collision in the 1200-block West Market street, West York, Wednesday morning. Donald Miller, 28, Gettysburg, driver of a truck for the Penn Ceramic Tile Manufacturing Company, Aspers, was treated at the West Side Osteopathic hospital for a wrist injury. Irvin E. Yinger, 22, York, driver of the automobile, was admitted to the same institution with possible concussion of the brain and other injuries.

Chief of Police Ralph R. Shultz, West York, gave this version of the collision: Miller had pulled his truck in front of a service station about midnight and told the attendant that he was "taking a nap" and asked to be called about 2 a.m. About 1:30 o'clock Yinger's car crashed into the rear of the truck. The truck had its parking lights on at the time of the crash.

The West York officer said Yinger told him he had fallen asleep. The impact was great enough to hurl Miller against the steering wheel. Yinger's auto was nearly demolished.

CRIME CAREER ENDS FOR TWO OHIO BANDITS WHO KILLED 7

Van Wert, Ohio, July 23 (AP)—Two youthful ex-convicts who terrorized Ohio with seven slayings in the last 14 days, hit the end of their crime career today at a Van Wert county police road block. One was dying, shot between the eyes, and the other captured.

Two police officers were wounded in the wild flurry of rifle and pistol shots which ended the greatest manhunt Ohio ever has witnessed.

James C. West, 24-year-old, bespectacled reformatory parolee from Parkersburg, W. Va., described as the "gun happy" member of the bandit pair, was shot between the eyes.

Confesses Killings

His partner, 22-year-old Robert M. Daniels, of Columbus, put up his hands and surrendered—and then confessed all seven of the killings which have kept the Midwest in a two-week turmoil.

The highway patrol, local police, FBI and other officials had set up road blocks all over the northern half of the state after two more killings early today, and the road blocks paid off.

Van Wert county and city officials were stationed at a road block six miles northeast of here, where Routes 224 and 627 meet.

A driveway truck, with four automobiles aboard, approached. The officers stopped it for a routine check.

Two Officers Wounded

The driver of the truck came out of the cab, an army rifle blazing. Sgt. L. D. Conn, 42, Van Wert policeman, went down with a bullet in his chest. Frank A. Friemuth, 55, county game protector, also fell with a bullet in his breast, the slug lodging in his arm.

Both officers, with Sheriff Roy Shaffer, blazed away with their guns despite the wounds, and Sergeant Conn finally hit the driver between the eyes with a machine gun bullet. The driver was identified as West.

As the firing ceased a man crawled from one of the four trucks on the driveway, his hands in the air. He said he was Daniels, and the highway patrol said he admitted he and West had committed the seven killings for which they had been sought over 20 states the last two weeks.

SLAV CONGRESS GETS RED PLEA

Belgrade, July 23 (AP)—The Yugoslav Communist Congress heard today an appeal to all Communist countries to settle their differences and unite to fight "Anglo-American warmongers."

All speeches of this third day's meeting lauded Premier Marshal Tito's war record, reconstruction efforts and stand against the Cominform. The Russian-ruled Cominform (Communist information bureau) had castigated Tito as departing from the party line.

Tito appeared to have Yugoslav Communists lined up solidly behind him (Pravda in Moscow, however, printed a letter from 245 young Communists studying in Russian military schools, demanding Tito's overthrow).

Bosidar Maslarich, president of the all-Slav committee, said Tito's ideology is the true Marxist-Leninist way. He asserted Yugoslavia under Tito has been more solidly behind Premier Stalin and Russia than any other "people's democracies."

Maslarich upheld the Yugoslav stand in the Cominform split. He said every country has individual problems to be solved in individual ways.

Mr. Harbaugh is proprietor of a garage and service station in Fairfield.

BERLIN CRISIS FAR REACHING IN ITS EFFECTS

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

That was a cheering splash of rainbow we glimpsed through the international storm-clouds yesterday when from Washington, London and Moscow came reports which seemed calculated to encourage hope for peace.

President Truman declared prospects for world peace are good—in fact excellent.

U. S. Secretary of State Marshall and British Foreign Secretary Bevin both announced that while their countries will not be coerced or intimidated, they will use every possible diplomatic means to get a peaceful settlement of the Berlin imbroglio.

Encouraging Change

And diplomatic sources in Moscow said chances for a four-power meeting (America, Britain, France and Russia) seemed brighter than at any time since Russia clamped the food blockade on Berlin five weeks ago.

Now of course this doesn't mean the barometer is set at fair—or anything like it. Still this change in the pressure is encouraging, and it must be particularly pleasing to America's Paul G. Hoffman who, as administrator of the European Recovery Program, is charged with performing one of the toughest tasks the war has produced—and one of the most vital.

In great degree, peace depends on his success.

Global Effects

Hoffman, who is in Paris, also issued a statement yesterday and, while it was made without any fanfare, it was of great importance. He said the United States is eager to carry through a four-year program and get out of Europe by 1952.

He added that Averell Harriman, ambassador-at-large for the ERP, has assured him that self help and mutual aid among the 18 participating countries "are becoming very much a reality."

Success or failure in reaching the goal of four years will affect not only the nations of Europe but of the whole world. That length of time has been widely accepted by economic experts as the period necessary to put the war-shocked countries on their feet.

Not to put too fine a point on it, the question of how much money and I shall have to be paying for food and lodging four years hence will depend heavily on the solution of this crisis which is more than European—it is global. So Mr. Hoffman will join with us in the hope that yesterday's optimistic statements may forecast better days.

LIVING COSTS HIT NEW HIGH

Washington, July 23 (AP)—The cost-of-living index struck an all-time high on June 15, with food prices reaching record-shattering levels, the Bureau of Labor Statistics reported today.

The index representing retail prices of goods and services bought by moderate income families in large cities, hit 171.7 per cent of the 1935-1939 average.

As the record-smashing living costs figures were disclosed, President Truman dove ahead with preparation of recommendations he will make to Congress Tuesday for dealing with inflation and rising prices.

The White House announced Mr. Truman's appointment of Paul A. Porter as a special assistant to the President to help with preparation of anti-inflation legislation.

Porter, the last chief of the wartime Office of Price Administration, will serve on a temporary, non-salaried basis. The White House said his job will be to coordinate information to be given Congress in behalf of the anti-inflation bill being drafted.

The BLS index on living costs, covering the period up to June 15, usually runs about five weeks behind the current price levels. It takes this much time to assemble price data and measure the impact on the family budget.

His resignation came on the eve of the first meeting of the new Finnish parliament which, as a result of a recent election, has far fewer Communists in it.

Expect Supply Of Labor From South

Harrisburg, July 23 (AP)—The migrant labor supply to help harvest Pennsylvania farm crops will be swelled by an additional 5,000 to 10,000 workers this year.

The State Employment Service says an estimated 25,000 seasonal workers are now moving up from the south. This is about 10,000 larger than last year.

More than 1,000 migrant workers already have been brought to Pennsylvania farms by the PSES this season. About 500 have been placed on Bucks county vegetable farms, more than 400 harvesting bean and potato crops in Potter county, and the balance picking Montmorency cherries in the Adams county area.

GETTYSBURG IS VICTORIOUS IN ALL-STAR TILT

Gettysburg had blasted Littlestown 18 to 3, when the rain lashed the customers, 200 to 0, during Thursday night's All-Star softball contest held at the high school grounds.

To see the game, the 200 fans donated \$34.77 in nickels, dimes, quarters and a few half dollars. The money will be turned over to members of the local community softball league who were injured during the year.

Manager Ralph Johnson's Gettysburg squad had two out in the eighth inning of the scheduled nine-inning game. Littlestown was scoreless up to the eighth, had gotten three runs in the first half of that stanza. With the inning 5/6 played everyone, players, fans and scorekeepers seemed content to let things stand right there while they fled the rain. Players who had been unable to run fast enough to beat a ball to base, and fans who had not run in years, suddenly took on the appearance of Olympic contestants.

Big Sixth
The third and sixth innings were Gettysburg's power-house periods. In the third five runs were pounded out and five runs came galloping in. In the sixth Gettysburg made nine runs on nine hits, a walk, and an error. Three hits and an error gave Littlestown its three runs in the eighth, which, if one wants to be technical about it, didn't count anyway when the inning was unfinished.

August 5 is the tentative date for the two teams to repeat the performance at Littlestown, with Littlestown Manager Robert Koonz hoping that the home club will prove the winner again at that contest.

Interstate League

(By The Associated Press)
The Allentown Cardinals lost a chance to close in on the pace setting Wilmington Blue Rocks in the Interstate League last night when they were forced to settle for an even break in a doubleheader with Harrisburg.

The Senators took the first game 3-2 as John Sivinski singled, moved up on a sacrifice and wild pitch and scored on Claffone's error on Riddle's bunt in the eighth inning. The Cards however, came back to win the nightcap 6-1 with Bob Zachritz fanning 13 and hurling three-hit ball.

Wilmington fell before the Hagerstown Owls 7-5 with Rookie Hugh Radcliffe being charged with his third defeat. Bernie Jenis paced the Owl's seven-hit attack on the former Georgia schoolboy star.

The Trenton Giants were outbut but a five-run outburst in the seventh broke a 1-1 deadlock and

INDIANS LOSE TO YANKS, A'S DEFEAT BROWNS

(By JACK HAND)

(Associated Press Sports Writer)
Four clubs are battling for the American league pennant but two teams—Cleveland and New York—are making all the money.

The Indians and Yankees are headed for a new all-time attendance mark of 850,000 and over \$1,000,000 for their 22-game inter-club series. Baseball never has seen anything like it because it never had two parks like the Yankee stadium and Cleveland's Municipal stadium involved in a season-long flag battle.

Last night's turnout of 68,258 New Yorkers who watched Joe DiMaggio's grand slam homer give the Yanks a 6-5 edge over the Indians, was the third largest to watch the teams struggle.

The teams play each other eight more games and conservative estimates are that they will draw 275,000 in there for an over-all total of over 850,000.

Another Feller Loss
DiMaggio's home run, backed up by a splendid relief performance on the part of Tommy Byrne, sent Bobby Feller down to his 12th loss. Feller gave up all the Yankee runs. Tommy Henrich touched him for a two-run homer in the third and DiMaggio belted his with the bases jammed in the fifth. It was DiMaggio's 21st of the year.

The Philadelphia A's took advantage of Cleveland's misfortune to advance to within a half game of the lead by nosing out St. Louis in 12 innings, 8-7. Hank Majeski's single with the bases loaded and two out turned the trick against Al Widmar long after midnight. Lou Briskie hurled hitless ball for 5 2/3 innings to earn credit for his 10th victory.

The big noise of the American league again was provided by the onrushing Boston Red Sox who won another doubleheader, stretching their string to eight straight. Vern Stephens hammered homers in each game to humble the Chicago White Sox. Denny Galehouse shut out Chicago with five hits, 3-0, in the first game, his second complete game of the year. Stephens' two-run clout led it.

Red Sox Pass Yanks
Ellis Kinder gave the Chicks eight hits in taking the second, 5-3, with Stephens knocking in three runs. The double win boosted the Red Sox past the Yankees into third place, their highest position of the year and only two games out of the lead.

Detroit fell below .500 again, bowing to Washington, 9-8 in 12 innings after scoring six runs in the first game.

Hal Newhouse couldn't hold that generous early lead as the Senators rallied and finally won for Forrest Thompson over reliever Hal White. Boston's National league lead was boosted to 6 1/2 games when the Braves were rained out at Cincinnati and Brooklyn lost to Chicago.

Johnny Schmitz did his usual job on the Dodgers, beating them for the fourth time this year, 6-3, although nicked for 10 hits.

St. Louis and New York split a pair that didn't help either club. Sheldon Jones outpitched Murry Dickson for a Giant 6-3 edge in the opener but the Cards came from behind to take the finale in 11 innings, 7-6.

Homers by Johnny Mize and Whitey Lockman helped lock up the opener for New York. They held a 5-0 lead going into the seventh inning of the second game but the Cards scored six in the seventh after Mize's 22nd homer tied the score in the eighth they went to the 11th before Nippy Jones singled home Whitey Kurowski to break up the game. Ted Wilks was the Card victor and Ken Trinkle the loser.

Pittsburgh trimmed the Phillies, 5-3 in the opener but wound up in a 1-1 tie in a second game that was stopped by rain after five innings. Ralph Kiner's 27th homer was the only Pirate run in the tie game.

Israel Not Eligible For Olympic Games

London, July 23 (AP)—The International Olympic committee ruled today that the new state of Israel can not compete in the Olympics games.

The decision reduced the number of competing nations to 61 for the games starting July 29.

An informed source on the I.O.C. said the executive committee rejected an appeal of the Israeli sports organizations which wanted to take up the invitation issued by the British organizing committee to the Palestine Olympic committee.

More than 500,000 saw the 24 seaplanes land on Lake Michigan Saturday afternoon. Festivities crowded upon General Italo Balbo, youthful Italian air minister and his companions.

At Holy Name cathedral Cardinal Mundelein officiated at a thanksgiving mass with the ninety-seven airmen in spotless white dress uniforms present. Prayers were offered for the safe alighting here and for the missing comrade who died in Amsterdam in the only mishap of the world's greatest mass flight. One man lost his life when one of the seaplanes of the squadron overturned there.

Today's Talk

MEMORY TRACES

I got a letter the other day from a chap who signed the name of one of the boys in my Michigan eighth-grade days. He was a little fellow then—red hair, small in appearance, and modest to a degree, but likeable, very likeable. Well, he said he was to be in my city and wanted to call. I was delighted, of course. He came and we had our good talk. But he wasn't the little chap of years ago. He was a prosperous Western farmer now, and early excused himself, for he wanted to see the Yankees play!

After my old-time friend had left me I got to thinking of the other traces in my memory of those whom I had known, loved, or forgotten. How little is the trace that some folks leave in the path of one's memory! But there are those whom you cannot forget. You may have known little about them—and your contact brief—but again and again the memory of that personality seems to return—returning to question, or perhaps to offer an explanation, which, of course, is impossible for such a one to give.

There are in my own mind traces of those whom I have met but did not know. And the memory of these far outweighs scores of those whom I have known intimately. Why is this? I wish I knew, just for information. A genius gets attention, and much publicity, but no one is able to explain him. He can't explain himself—but he enjoys himself; at least many do. Which is probably one of the reasons why a genius is created!

A passing incident may have been noted by but one human being, but that one may have been influenced for life. It has often happened that way. A sentence spoken, a book, or an unstudied act. We never know where influence may cast its shadow. And that shadow later becoming an event.

Probably more books and stories have been written by those who once saw, talked with, or knew Abraham Lincoln than of any other man. Something left behind that grew its trace in the memory, and which lived—like a long glow in the night. But of all the traces left in the memory, the one of character lasts longest, and influences most.

Tomorrow Mr. Adams will talk on the subject: "God's Lady's Slipper."

Just Folks

By EDGAR A. GUEST
The Poet of the People

LETTER NO. XXI

Beloved, with a chuckle I am sitting down to write,
For I think I ought to tell you I was very rude last night.
At a little dinner party I amazed the happy group
By making fearful noises, as though gargling with the soup.
Although never once I'd done it through our years of married life,
I mixed peas with mashed potatoes and I ate them from my knife.

Beloved, were you watching? Did it startle you to see
Such table misbehavior, and were you ashamed of me?
Did you hear the celery crackle, and regret the noise I made?
Did you see me pick my molars with no napkin over-laid?
Did you see me spill the water in my dinner partner's lap?
I planned it that way, darling, though I called it a mishap.

Beloved, I'd a reason; one I know you'll understand.
It was plain that little party for a purpose had been planned.
I was sure the lovely widow I escorted to a seat
Had received her invitation so the two of us could meet.
And I knew the lady knew it, so my worst I let her see.
Now I know she really meant it when she said "good-bye" to me.

Baltimore Livestock
CATTLE—Today's cattle run was considerably smaller than Monday's count. Supplies included the equivalent of 22 loads slaughter steers, with the remainder made up largely of cows with about a normal supply of bulls included. A few small lots of dry-fed steers, mostly yearlings, was on offer, but most of the steer supply consisted of grain-fed and grass and straight grass offerings.

Slaughter steers met a fairly broad demand, and moved to an early clearance at unchanged prices compared with Monday. A few good and choice 14-18-pound dry-fed yearling steers cashed at \$25.50-30. Several loads and lots of good wintered and grain-fed-on-the-grass steers, weighing mostly 1,050 pounds to 1,346 pounds, sold at \$22-25.50; common and medium grassers, mostly 950-1,150-pound weights, brought \$22.50-31.50.

Heifers were in relatively light supply as bulk of the run consisted of old head and small lot shipments. Trading was fairly active and prices held mostly steady with earlier in the week. A few good-grade offerings cleared at \$28.50-32; common and medium, \$22.75-26.

Cows met a very uneven outlet. Demand was fairly broad for canners and a steady basis of sales with earlier in the week. A few good-grade offerings cleared at \$28.50-32; common and medium, \$22.75-26.

Calves were in relatively light supply after a slow opening. Prices for all weights and grades were steady with yesterday. Medium-grade hogs and large-fed offerings continued to clear rather slowly and moved at varying discounts from the prices paid for comparable weights of good and choice grades. The day's top of \$30.25 was paid for around two double decks of choice, closely sorted 18-22-pound barrows and gilts. Bulk of the good and choice 18-22-pound barrows and gilts brought \$28.50-30; 22-25-pound barrows, \$25-27.50; 25-30-pound barrows, \$26-28.50; 30-35-pound barrows, \$26-28.50; 35-40-pound barrows, \$26-28.50.

Medium-grade hogs and large-fed offerings continued to clear rather slowly and moved at varying discounts from the prices paid for comparable weights of good and choice grades. The day's top of \$30.25 was paid for around two double decks of choice, closely sorted 18-22-pound barrows and gilts. Compared with week ago: All grades \$1 to mostly \$2 lower.

Calves—All grades of calves met a fairly active trade at prices steady with yesterday. Demand for spring lambs and ewes was very narrow, but bulk of the supply consisted of lambs. A few lots of good and choice 8-10-pound offerings sold on a \$1 lower basis, but some offerings were without bids shortly after noon and these were taken off the market. A few medium-grade offerings brought \$25 and a package of good lambs weighing over 110 pounds sold at \$26. A few choice 125-135-pound lambs ewes held unchanged at \$10, the top quotation.

Compared with week ago: Spring lambs \$1 lower; slaughter ewes steady.

Sheep—Today's fresh receipts were augmented by a deck of late-arriving spring lambs that were held from yesterday. Demand for spring lambs and ewes was very narrow, but bulk of the supply consisted of lambs. A few lots of good and choice 8-10-pound offerings sold on a \$1 lower basis, but some offerings were without bids shortly after noon and these were taken off the market. ANDRE MARIE TO BE NEW PREMIER

Paris, July 23 (AP)—Andre Marie, a 51-year-old lawyer whose health was impaired in a Nazi concentration camp, appeared assured today of becoming France's next premier.

Marie, a Radical Socialist (Conservative), telephoned President Vincent Auriol his formal acceptance of the nomination to form a new government. He will seek the National Assembly's approval Saturday afternoon.

Earlier outgoing Premier Robert Schuman's Popular Republican movement (MRP) announced its "sympathy" for Marie. Like the Socialists the Popular Republicans made their support conditional on the policies he will outline to the assembly.

Marie, a tall gray-haired Norman, apparently will face the outright opposition of only the Communists. His colleagues said even Gen. Charles De Gaulle's followers had promised him "watchful neutrality."

If accepted by the assembly Marie possibly could form a cabinet by Sunday night. The crisis then would have lasted six days. Because of the

way of keeping the school is by bringing political pressure to bear." Dr. Harry W. Hays native of Emmitsburg and an instructor at Princeton university said "the standard of education coming out of the schools today is deplorable."

Dissatisfaction with the education being given at the high school at Emmitsburg was voiced by several speakers and the general committee was directed to see what it could do to raise those standards.

Samuel Young, of the Frederick county board of commissioners, indicated that the county is doing all it can to support the schools financially, utilizing figures which showed the county's budget for education has more than doubled during the past few years.

Delegate Ramsberg told the group "I've never been too strong on plans for consolidation and I don't think Emmitsburg has too much to worry about as long as it is as active as it is now."

Attacks Educators

Various speakers claimed that "the only reason for closing the Emmitsburg high school is because it is in the mind of County Superintendent Eugene W. Pruitt to close the school, and there is no other reason." Samuel Hays, who is chairman of the

present uneasy foreign situation, the French are eager to have a government formed as soon as possible. Marie worked far into the night negotiating with party leaders.

Republican central committee for the district, added that "the only way to fight this is to get at the cause and the cause is Mr. Pruitt and State Superintendent Thomas G. Pullen." He also blamed "poor administration" as the cause for "the deplorable condition of education today."

Doctor Hays and other speakers expressed themselves as being "confused by the attitude" of the county school board. Doctor Hays read a letter sent to him July 30 by George D. Rhoderick, Jr., president of the Franklin county board of education. In one paragraph read by Doctor Hays, the county board president said "I have never been and I am not now in favor of closing the Emmitsburg school and moving the students to Thurmont or any other city and I feel none of the other members of the board wishes to close the Emmitsburg school." Other paragraphs quoted by Doctor Hays from Rhoderick's letter, however, indicated that Emmitsburg may be reduced to a junior high school status sometime in the future.

Rhoderick pointed out in the letter that a recent survey shows the school does not have enough students to maintain a high school according to the standards set up by a special committee of educators who made the survey of the county. His letter adds that "however it is possible that there may be enough students for a junior high school there." The survey recommendations for a junior high school, however, list 300 as a minimum number of students for a junior high. Emmitsburg has less than 100.

U.S. Dispatches Three B-29s On Globe-girdling Flight To Survey Many Bases

FACILITIES TO BE CHECKED FOR WARTIME USES

By ELTON C. FAY

Washington, July 23 (AP)—Three American Superfortresses are off on a round-the-world scouting flight to see whether big bombers could use fields and facilities in distant parts of the world should trouble come some day.

The second stop of the trio of B-29s was scheduled for today at Lages air base in the Azores, which the United States uses under an agreement with Portugal.

The bombers, taking off from their home base at Davis-Monthan Field, Tucson, Ariz., stopped at MacDill, Florida, yesterday afternoon for fuel, then headed eastward out across the Atlantic.

Plans Scaled Down

The flight is the third projected globe-girdling trip for Superfortresses—but drastically scaled down from the original plan.

In announcing the latest plan, the air force described the flight as intended to train B-29 crews in the techniques of long over-water flights and "to acclimate personnel with world-wide regional conditions."

This, it was explained informally, means the trip is a survey flight. Airmen concede that at the moment some bases on the other side of the world probably would be incapable of fueling and servicing any large number of big bombers.

What the scouting flight will show is the actual condition of wartime bases in far-away places, the condition of their runways, parking areas, shops and fuel pumping equipment.

On only one leg—from Japan to Alaska—will the three bombers come near Russian territory. But B-29 squadrons of 10 planes frequently use that route without incident.

While the flight will provide no mass demonstration of air power, it will give the air force an opportunity to demonstrate the long-range capabilities of the World War II bombers improved by equipment and new operational tricks.

To Return August 5

From the Azores, the three bombers are scheduled to fly to Wheelus Field, near Tripoli, Libya, a World War II base recently reopened as a stop on transport routes. The schedule calls for the arrival at Wheelus Saturday morning.

From there, refueling stops will be made at Ceylon, the Philippines, Japan, Alaska, and thus back to base at Tucson.

VFW Gives Views On Berlin Blockade

Harrisburg, July 23 (AP)—The Berlin blockade is a "war hazard requiring world action against unconscionable Russia," says the Pennsylvania Veterans of Foreign Wars.

The organization made the statement yesterday in urging President Truman to submit the "facts of the Berlin blockade and the long series of incidents leading to the present crisis in Germany" to the Security Council of the United Nations.

The plea was in a resolution adopted recently by the state VFW at Pittsburgh. In addition to the President, copies were sent to Secretary of State George C. Marshall and Members of the Senate Foreign Relations committee.

Prize Chicken Sell For \$5.50 Per Pound

Harrisburg, July 23 (AP)—Twelve Pennsylvania chickens immortalized themselves in the price world this week—they sold for \$5.50 a pound.

But they were no ordinary chickens. They were the grand champion winners of the first annual Pennsylvania chicken-or-tomorrow contest at Coatesville Wednesday.

Manbeck and Kissinger, of Frederickburg, Lebanon county, paid \$266 for the 12 Cornish-White Rock crosses entered by T. Warren Shearer, Wernersville. The flock netted \$22.16 a bird with average weight of 4.03 pounds each.

The average market price for live weight chickens received by farmers June 15 was 37.7 cents a pound.

Other prices paid at the auction following the contest included: Reserve champion entry of Mrs. Jacob L. Kurtz, of Elizabethtown, \$1.10 a pound; top winner in the junior division, entered by Franklin R. Marshall, future farmer member of Northbrook, Chester county \$3.50 a pound for 12 Delaware chickens; and entries of P. J. Singer, Kennett Square, and Robert E. Lee, Jr., Coatesville, \$1.75 a pound.

Boardwalk Chairs Now Mechanized

Atlantic City, N. J., July 23 (AP)—The inroads of the machine age finally were felt today in that last vestige of old-fashioned transportation—the boardwalk.

An ordinance permitting 100 mechanized rolling chairs to operate on the boardwalk was given final approval yesterday by the city commission.

More than 1,000 man-pushed chairs have operated on the five mile long, 60 foot wide boardwalk for years. Previous efforts to have mechanized vehicles introduced have failed.

STATE TO SEEK MORE U.S. AID

Harrisburg, July 23 (AP)—Pennsylvania will seek more Federal funds to keep its training program for handicapped workers running at full speed.

William H. Chesnut, Secretary of Labor and Industry, said today he will go to Washington next week to

day to present the state's plea to the vocational board of the Federal Security Administration.

"The program is too important to be curtailed in any way," Chesnut told a reporter.

Operators of the Bureau of Rehabilitation, which administers the vocational training program, has been threatened by a sharp cut in the Federal grant for the current fiscal year. As a result, the program has been tightened up all along the line since July 1.

Chesnut denied, however, that

Grants to individual trainees have been reduced except in cases where, he said, families "are able to pay part of the cost themselves and that is only fair."

That, he added, had nothing to do with the current financial headache but developed through establishment of new standards for granting help to rehabilitate workers and others for industry.

His comment was made in re-

sponse to reports that allowances of some trainees had been cut in half due to the prospective shortage of funds.

WHAT'S THE PRICE OF A BUICK?

7 out of 10 Guess Too High!

WE'll admit that this husky two-ton honey looks like something super duper.

When you sample its ride, its handling and the silken liveliness of its big Fireball straight-eight power plant, you are likely to ticket it in the near-luxury class.

So, naturally, when we put the question to a cross section of carwise men and women—when we asked them to name their idea of the delivered price for a Buick SUPER—7 out of 10 guessed too high!

The fact is that—in relation to today's values—Buick prices begin at a lower level than before the war.

Dollar-wise, all prices are up—but Buick cars are not up as

much as most other things—or even as much as the cost of building them.

So don't jump to conclusions without a bit of shopping around. Get the delivered prices—not only on Buick but on others, too—including cars with far less power, far less left, far less room and far less distinction.

You'll find that a lot of folks are paying within a few dollars of the price of a Buick—or maybe more than the price of a Buick—and getting something that can't hold a candle to what a Buick has to offer.

You'll find that price comparison gives you another sound reason for getting your firm order in—particularly since your Buick dealer will take it with or without a car to trade.

OUR FOUR-SQUARE SELLING POLICY

1. NO PRICE PADDING.

We guarantee our prices to contain nothing but the charges which were standard practice in figuring prewar delivered prices. You receive an itemized bill of sale. And we display all prices in our showrooms.

2. NO "LOADING" OF UNWANTED ACCESSORIES.

All cars are delivered with accessories as ordered, and prices are figured to cover these. We pledge ourselves to add no "extras" except those each customer orders.

3. NO COMPULSORY TRADE-INS.

We will take your order and deliver your car without requiring a trade-in. However, we have many valued used-car customers we would like to supply and we will give you a fair and reasonable allowance on your present car.

4. NO COLLUSION WITH "GRAY MARKETEERS."

We will not knowingly be a party to the sale of Buick cars to any individual who operates in the "gray market." Our only interest is to deliver new cars to bona fide customers.

CLAY RETURNING TO BERLIN POST

Washington, July 23 (AP) — Gen. Lucius D. Clay is slated to begin his trip back to Berlin tonight to resume personal direction of American affairs in the Soviet-blockaded city.

He will go armed with the latest policy decision for dealing with the crisis.

But before he takes off, the occupation commander will have a chance to give the American people some of the views he reported yesterday to President Truman, Secretary of State Marshall, and other members of the government's national security council. The army department announced that Clay would hold a news conference at 1 p.m. (EST).

His departure will take place in an atmosphere of somewhat greater hope for a peaceful solution of the Berlin crisis than existed a week ago when he was ordered to come home and discuss the situation.

The loudest note of optimism yet sounded by an American official came from President Truman himself when he told reporters yesterday.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, July 23 (AP)—There's nothing wrong with the Yankee outfield this season, outside of a trick knee here, a busted hand there, advancing age everywhere and a general inability to hit 300. . . . It's rather surprising, in view of these facts, that the Yanks have managed to stay close up in the pennant race. . . . But what is causing greater concern in some parts of the Yankee official family is the question of who'll be in the outfield a couple of years from now. . . . Joe DiMaggio, almost 34 and a big leaguer for 13 seasons, Tommy Henrich, Charley Keller and Johnny Lindell, all around 32, aren't likely to survive many more seasons. . . . And the Yankee farms report a serious shortage of good outfielders. . . . Best prospect as a DiMaggio replacement

day that he considers as excellent the chances of achieving eventual world peace. Mr. Truman underscored his hope for the future by stating definitely that his message to Congress next Tuesday will not touch upon foreign affairs.

Exactly what information led Mr. Truman to express the confidence he did in avoiding a blowup over the Berlin blockade and an open clash between Russia and the western powers was not disclosed by the president or any other top official.

seems to be Hank Workman, the muscular University of Southern California product. Since joining the Newark Bears Hank has shown he can hit hard, pull the ball to right, throw well and run rapidly. . . . You couldn't ask for much more except two other guys like that to go with him.

SPORTS BEFORE YOUR EYES
Leo Durocher will make his first radio appearance as Giants' manager on Steve Ellis' program next Wednesday. . . . Notre Dame will have three representatives in the Olympics—Francis James Delaney in the shot put, Vince Boryla on the basketball team and Ernie McCullough.

OLYMPICS TO OPEN IN WEEK

London, July 23 (AP)—The first Olympic competition since 1936 will begin one week from today at six scattered sites in suburban London. Track and field trials start at the Empire stadium. Swimming, wrestling, fencing, the modern pentathlon and basketball also are on the opening program.

The 14th Olympiad will be officially opened Thursday afternoon at the stadium. The games close August 14.

American team is now regarded as good. Wally Ris, the best U. S. speed swimmer, returned to full workouts today. He had been hampered by a trick knee which had been out of joint since Sunday. It popped back yesterday while the Iowan was attending welcoming ceremonies.

The U. S. track team was encouraged by the apparent return to form of chunky George Guida of Villanova. Guida, who squeezed in as the No. 3 American in the 400 meters after a season of leg ailments, said his legs felt a lot better. He did not work out aboard ship, but ran yesterday for the first time since the final trials.

FIRE DAMAGES INQUIRER PLANT

Philadelphia, July 23 (AP)—Dense smoke from a smoldering fire in the sub-basement paper storage section of the Philadelphia Inquirer's new rotogravure building overcame more than 64 firemen and building workers as they attempted to extinguish the blaze last night.

Twenty-nine of the victims were taken to nearby hospitals for treatment while others less seriously affected by the smoke were treated at the scene where emergency services were set up by the Department of Public Safety.

Shortly after the first firemen arrived they sounded a second alarm. Meanwhile, firemen were forced to

don oxygen masks in order to reach the scene of the blaze through the thick smoke.

Walter H. Annenberg, editor and publisher of The Inquirer, said while no exact estimate of damage can be made until a checkup later today, the loss in newsprint paper due to fire and water might reach 5,000

tons. Damage to the building itself was believed to be comparatively minor.

The New York police force is more than three times the whole population (5,000) of Andorra, the tiny republic in the Pyrenees between France and Spain.

Fine for its *Second* owner too!

Recently, a large group of used car owners were asked what car they would buy if they were buying new cars today. Those who own used Pontiacs led them all in saying they would buy new cars of the same make they are now driving.

In other words—according to this survey—a used Pontiac is more satisfactory to own than any other make of used car.

Of course, that could mean only one thing: Pontiac's dependability and long life are out-

standing, and Pontiac's fine performance lasts throughout the years. There could be no finer endorsement of a new car than this—and we trust you won't forget it when you order your own next car.

Remember, too, Pontiac is the lowest priced car in the world offering GM Hydra-Matic Drive*—a tremendous advance in better motoring.

It's wise to choose a Pontiac—a car so fine that even its second owner is sure to like it.

*General Motors Hydra-Matic Drive and White Sidewall Tires optional at additional cost.

Chapter 1
It was early in the fall when the rumors began. All was not moonlight and roses between Jane Whittier and her good-looking professor husband.

The rumors were baseless, for the most part, as small-town rumors often are. They were founded on envy as much as anything.

They had been married three years and no one had been able to discern the tiniest rift between the Whittiers.

Carl was older than Jane, twenty-nine or thereabouts to her twenty-three. But this difference seemed just about right, just as everything about their marriage seemed right. When they appeared

in public, invariably someone would whisper: "Aren't they the most ideal couple you ever saw?" And they were.

Jane had beauty, background, quite a little money of her own, and in addition she was a perfect darling.

Carl was a more quiet, even a grave type. He was much better-looking, much more attractive than you might expect a professor to be.

So there they were. Jane and Carl Whittier. Professor and Mrs. Whittier. Happy. Not a care in the world. And simply crazy about each other.

Jane was still idling dreamily in bed when the phone rang several moments later. Aunt Mae said that she was coming over in about half an hour, and if Jane had an appointment at the beauty parlor she'd just have to cancel it.

"I'm sorry to upset your plans, Jane dear, but what I have to say to you is more important than any hair wave. By the way, how is Carl?"

"Carl is fine," Jane said. "Just fine." She grinned as she cradled the receiver. That was Aunt Jane for you. Ordering Jane around as if she were still about three, the age she had been when Jane's parents had died, within a month of each other, and Aunt Mae, never one to shirk her duty, had moved over to the Markell home to take over the job of raising Jane.

When Aunt Mae arrived, thirty minutes later, Jane was dressed and down in the kitchen making coffee.

She sat down at the kitchen table, took a bit of flannel from her bag, wiped her gold-rimmed glasses, then fitted them carefully back in place.

Aunt Mae said now: "Are you worrying about anything?"

Jane brought the coffee pot over

to the table. "Now, darling," she smiled at Aunt Mae, "what would I be worrying over? Don't you know I haven't a care in the world? Don't you know I'm the happiest girl alive? Incidentally, this is our third anniversary—Carl's and mine."

"Humph," said Aunt Mae. "Is it indeed?"

"Yes. Congratulate the aging matron, darling."

"And you're very happy with Carl. You've never had any regrets about marrying him?"

"Never a regret," said Jane blithely.

Aunt Mae shook her head sadly. "Well, Jane, she said after a moment, 'in a way I'm sorry to hear you say that. It makes it all the harder, what I have to say to you.'"

Jane's look was puzzled. She said, helping herself to a third piece of toast, "What are you getting at Aunt Mae?"

"Well, it's about Carl."

"Carl? What about Carl?"

Aunt Mae's voice fell to a lower pitch, almost to a whisper. "She leaned across the table. 'Tell me something, Jane. Have you noticed any change in Carl recently? Anything—well, different about him? Have you noticed any coldness? Any—well, anything at all?'"

"Why, no. Of course not. Look, darling, do stop being so mysterious. What is it you're trying to tell me? Do hurry up and say it. I can take it."

"I wonder if you can, child. I just wonder if you can." Then, lifting her hands as if letting fall a weight from them, she said: "Well, I suppose there's no use in beating about the bush. I do know this much—there's something going on. And he's been seeing this girl on the sly. It started last winter. Everyone in town is talking about it."

"No," said Jane. "I don't believe

EMBEZZLEMENT CLOSES BANK

Newark, N. J., July 23 (AP)—Seventy-two-year-old Pellegrino Pellicchia, Italian immigrant who rose from a \$5 a week laborer to become a millionaire contractor and banker, saw his Columbus Trust company go out of business today as a result of the \$657,000 embezzlement by his ex-judge son.

The bank's business was taken over officially by the United States Trust company as arranged by the New Jersey State Department of Banking and Insurance. The elder Pellicchia, chairman of the board for Columbus Trust, agreed to the arrangement after his son's embezzlements were discovered last week.

The son, 38-year-old J. James Pellicchia, was himself vice president of the bank as well as a Newark police court judge until he was jailed July 13 on the embezzlement charge. He admitted taking the funds by means of a series of fake mortgage loans. The money, he said, was lost on horse race bets.

The elder Pellicchia, who began his career in the United States as a mason's helper and acquired a fortune as a building contractor, founded the Columbus Trust company 21 years ago. He acquired 75 per cent of the bank stock for his family, later enabling his elder son, Ralph, to be named president and the younger, James, a vice president and counsel.

The merger of the Columbus Trust business into that of the U. S. Trust is being done without loss to depositors. Authorities said they had found sufficient assets to cover all deposits, and the only likely losers would be the stockholders.

HIT-RUN VICTIM

Berlin, N. J., July 23 (AP)—Harry Hilbert, 29, of Blackhorsepike, Turnerville, was killed by a hit-and-run car on the highway near his home early today. State police said they were holding a truckdriver for questioning. Hilbert was hit as he walked with a companion along the Black Horse pike at 1:30 a.m. Police said the companion was unhurt.

a single word of it. Who is this girl?" she asked suddenly. "This girl he's supposed to be in love with." Just saying the words made Jane feel a little sick.

"The girl's name is Talbot," Aunt Mae said. "Helen Talbot. Recognize that name? Know the girl?"

"Yes," Jane said weakly. "I know her."

"Well, that's who it is. Carl was in Washington about a week ago, wasn't he, Jane?"

"Yes. He had tickets for a show that was opening there."

"Yes. Well, he took this Talbot girl with him."

"I don't believe it. You didn't see them go away together, did you? Well, did you?" Jane's voice sounded a little hysterical.

"No. I didn't see them, Jane. But they were seen dining together that evening in a Washington hotel. Well, Jane, now you know. What are you going to do about it?"

"Do?" said Jane vaguely.

PREDICTS BRIEF EXTRA SESSION

Washington, July 23 (AP)—A prediction that the special session of Congress will last no longer than a month and produce few—if any—new laws came today from a ranking Republican leader in the House.

Outlining what he called his party's "don't-get-excited" strategy, this GOP spokesman said the lawmakers may call it quits within three weeks of their reconvening next Monday.

If any bills do get through, he told a reporter privately, they may include some sort of Federal aid for education—"about a 50-50 chance"—and one or more civil rights proposals.

This leader said it is very unlikely that housing or anti-inflation measures will be brought out for formal debate, although there may be some further committee discussions. In the same category, he said, is a pending bill to lend the United Nations \$65,000,000 to begin construction of a permanent U.N. headquarters in New York.

"Nothing much will be passed," he said. "There will be no minor legislation of any kind put through, and I am not sure anything else will be, either. We will be out of here in three weeks, or a month at the very outside."

St. Louis, in 1872, made the kindergarten an integral part of the public school system and was the first American city to do so.

NEW PROPERTY IS INSPECTED BY SPORTSMEN

About 100 members were present on Wednesday night for the July meeting of the Littlestown Fish and Game Association which was held on the plot of land in Germany township, recently acquired by the association. Since this was the first visit for many of the members to this tract of land, much time was spent inspecting the property. Horseshoes was also enjoyed by the group.

Dr. Joseph R. Riden, president, presided over the business meeting and Richard Knipple gave the secretary's report. Dr. Riden announced that as a result of the recent carnival conducted by the group, the sportsmen now have the deed to their land. He urged that the members continue to purchase the \$5 shares, so that plans for the desired clubhouse can proceed. The president also thanked Bernard Dillman, who was general chairman of the carnival, for the efficient work he rendered in that capacity. Mr. Dillman, in turn thanked his co-chairmen and committees for their co-operation which made possible the success of the carnival.

Name Chairmen
There is considerable underbrush on the land and springs need cleaning, therefore, the president appointed committee chairmen, who are each to select ten helpers, to do this work. The chairmen are: Louis Clingan, Ernest Renner, W. E. Stites, Thomas Kerns, Walter Myers, Henry Storm, Herman Kaler and Clair Redding.

The August meeting will also be held on this tract of land in Germany township, when the following committee will be in charge: Harold Sparver, Charles W. Snyder, Earl Sanders and Henry Storm.

Roscoe W. Rittase, one of the committeemen arranging for the Adams County Sportsmen's Association picnic, to be held August 29 at the South Mountain Fairgrounds reported on plans. He stated that all types of contest were being planned and prizes will be awarded to winners. Adult games include archery, fly-casting and plug-casting. Women on the committee are arranging games for the children. This picnic will be for the members; their families and other interested persons. Judge W. C. Sheely will be one of the speakers. There will also be a speaker representing either the fish or game commission at Harrisburg. Refreshments were served to the group by Noah Streig, James Dutcher and Jack Crouse.

FOUR GOLFERS TIE AT READING

Reading, Pa., July 23 (AP)—The four record-equalling professional golfers tied for the lead in the \$15,000 Reading golf tournament are agreed that the winner will be the man with the most potent driver.

The unanimous opinion of E. J. (Dutch) Harrison, Rod Munday, Fred Haas, Jr., and Johnny Palmer—all tied with 65's after the first 18 holes—was that the rolling, well-trapped 6,438-yard Berkshire course was a "driver's paradise."

Munday, York, Pa., pro, summed it up for the quartet when he said, "the golfer who hits that long ball consistently is the one to watch in this tournament."

All but Palmer played every hole in par or less. Harrison, Little Rock, Ark.; Haas, New Orleans, La., and Munday, each birdied seven and played par on 11. Palmer birdied eight holes and played par on nine, coming up with a bogey five on the 10th hole.

Harrison, defending champion, Munday, the San Francisco native who claims to be the only three-way

putter in pro golf—left handed, right handed and cross handed—and Haas, each missed establishing a new course record on the 18th green.
